FUTURE-PERFECT

PRESENTS

I'm a futurist so it's in my DNA to think ahead. During this Holiday Season, I was wondering about what people/cyborgs will be giving and getting 30 years from now so I gathered my wonderful TalentBank of visionaries around me and brainstormed deep into the night. Just one small note of caution, before you flip through my Wish List: 2050, take a deep breath along with a cocktail.... or two.

Best Future,

01

PERSONAL DRONEGUARD *for Peace of Mind*

Get an extra layer of protection with our patented DroneGuard, the flying, AI-steered personal security bot that hovers discreetly and silently just above your shoulder. If trouble happens to strike, it records, sounds an alarm, auto-messages for instant help – employing robotic force as needed. \$1,499 (\$129 extra for micro-rubber bullets)

02 CLOAKING TENTS for Digital Detox

Fighting off wifi poisoning and prying surveillance? Here's a smart tent as light and strong as spider silk. Not only does it disconnect and protect you, it makes you invisible. Also a terrific hide-away shelter for those trapped in America's AI-governed military states. In basic black only. \$1,259

03

BLISS YEAR

for the Super-Stressed

Float on a cloud of joy...no pain, no anxiety, just a halo of happiness and comfort. An IV Injectrode (injectable, flexible miniscule electrode) provides the proper liquid neuromodulation as soon as your tiny implanted chip senses your increased tension level, it seamlessly sends out signals to melt away the worry. A must-have.

\$1,999

04

THE DREAMBAND *for Sweeter Sleep*

Slip on the brainwave-bending headband, and you're guaranteed to lie back, relax and relive your rosiest memories during REM. The add-on Best Future module enables you to envision and manifest a terrific tomorrow. \$1,279 (add-on module, \$199)

05

INTERNET OF SKIN (IoS) LOTION *for Anticipatory Self- Care*

Optimize the skin you're in: Your body becomes a data-capture system with this sensor-rich cream. Once smoothed on, it self-adjusts automatically delivering key precision ingredients, with moisture, SPF, cooling and youth toxins to each inch of your epidermis. \$1,999 per oz.

A baby wearing a white space suit with a clear helmet, looking up with a smile. The helmet has two blue lights on the sides. In the background, a large, detailed full moon is visible against a dark, teal-colored sky. The overall scene is set against a dark background with a thin gold border.

06

KIDS' SPACE SCHOOL

*for Your Budding
Out-of-Orbit Travelers*

Train your favorite young person to fly around our solar system – and beyond! Classes take place on earth with field trips to the nearest International Spaceport, timed for seamless integration with the student's implanted neural-lace educational curriculum. \$1,499

07

AI PET ADOPTION

for the Animal Lover

You've seen abandoned AI pets by the sides of our hyperloop lanes and in busy skyports. It's heartbreaking! Allow us to place one of these adorable, loving, fully reconditioned, malware-free critters into your awaiting arms! \$1,159; Premium Pets (owlbots, teacup dinosaurs), \$2,000

08

CAREGIVER CLONE *for* *Exemplary* *Eldercare*

Tend to your super-old parents even when you can't be with them! We'll craft your holographic genetic twin to assist with their daily lives and provide daily companionship, reminiscing and then storing their memories and musings to the cloud for generations ahead. \$1,175,000

09

SANDCTUARY POD *for a Dose of Old-Fashioned Nature*

Our private PerfectPure Beach – a pristine stretch of sand and constantly filtered and closely monitored sea water, rich with marine life – took over 25 years to create. Now you can have a time-share in one of our waterfront pods, away from it all, enjoying planet earth and the way it used to be.
Weekend: \$2,999; Week, \$6,999

10

DEEPFAKEOUT FILM *for Fantasy* *Adventurers*

Spend an entire day at the planet's most advanced media studio and create your ultimate fantasy footage. Get revenge on a nemesis, have sex with an ex or a future ex... whatever you imagine is possible via deepfake technology. Share and re-spin at will. \$1,399
